

Goodbye lens discomfort. Hello happy patients.

Say goodbye to endless refits and lens returns due to discomfort, and say hello to Tangible™ Hydra-PEG, a breakthrough lens coating for custom contact lenses.

WARNING: SIDE EFFECTS MAY INCLUDE SPONTANEOUS HUGGING FROM YOUR PATIENTS, AND EXCESSIVE FREE TIME DUE TO LACK OF PATIENT COMPLAINTS.

Patients have spoken.
Are you listening?

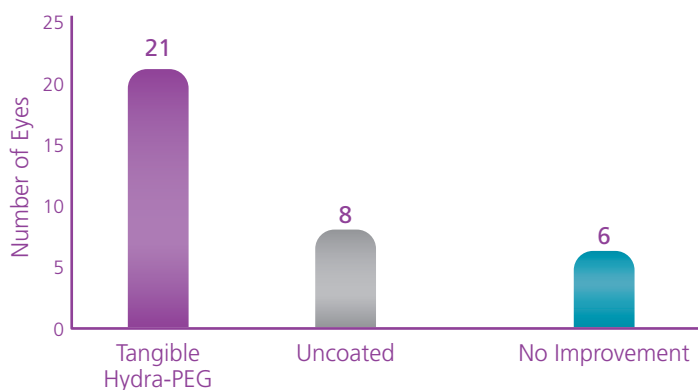

Lenses should be comfortable 'til the bars close.

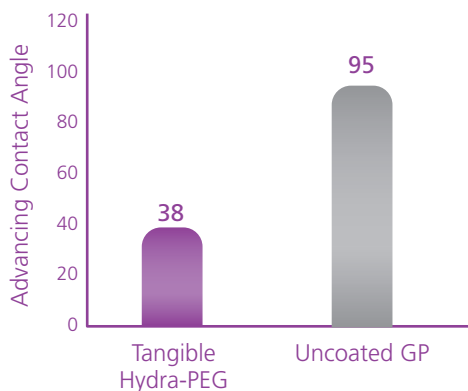

Your patient's eyes
don't have a
defrost button.

Improvement in Lens Fogging*³

*Compared to Habitual Lenses

Wettability⁴

Be a hero.
Protect your
patient's tear film.
